been out

before
I was

It really
isn't
that
easy.

Even
the

Everyone
starts
working
on how
they're
going to
get
around.

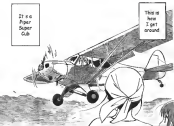

When
you
turn
around.

If you
don't
have
a way
to get
around,
you can't
do any
thing.

It's a

This is
how
I get
around

My

Shiro-san

use it

It's
old and
beat-up,
but the

One month later...

Oh, yeah

You saved

Let's just

You

me!

No way
Too scary

You
never
come?

Yeah

You're
going to
the city
with the
tower

Oh man!
The plane is
heavy!

When you
approach
Mt. Oguas,
You
have to
increase
altitude.

Get
Oguas.

Where
are you
now?

I'm
over
it.

It's
into the
unknown
from
here.

I'm
crossing
over it
now.

I can't tell if I'm moving forward or standing still.

The gentle northeast winds push the distant sea fog deep inland.

The great Cartho plane before us are almost entirely clouded over.

The sun
is already
sinking
in the
west.

I'm
halfway
there

I'm over
Yelchum
right now

It makes you

It's as
if the
natural
world

Has
taken it
as its
very own.
That's the
feeling
I get,
somehow

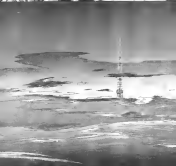

I see

Kajika...

The tower's
crazing...

Whoa?

I don't
have
enough
fuel!

It's 'cause
of the
headwind

I should
have had

but it's

Are
you

Yuck, you
thawing
fools, but

Are there
any roads
you can
land on?

Well
It just
hit some
bushes,
so...

Is it
a thing a
good landing
under the
circum-
stances?

But if this
plane had
been lighter,
I could have
come in a little
more normally.

No, I
couldn't.

You couldn't
have just
asked me to
begin with
that?

50 *Surge: That is a hole in covered airplanes.*

Well,
yeah...
but...

We're
not gonna
get any
rust.

We'll
have them
put us up,
right? 'til
dawn.
Then
come
for the
plane.

We're on
the edge
of the
airport,
right?

Listen,
Yee...

Yeah.

After
we've
come all
this way...

What? It won't
hurt
either.

Ah

There are
no roads or
anything.

We've
still got
about
12 km
until the
airport
buildings.

But for
some
reason,

I've heard
that the
surface of
the Earth
is ten times
bigger than
you think.

Don't
sit.

Keep
your
mouth
shut.

I don't carry that weak stuff.

There's a town with good parts way back in this valley.

It's a town Ray knows about.

it seems
